This year the city of Rome is celebrating its founders day by inviting the very best Roman re-creation groups in Europe to March once again as Julius Caesar once did through the heart of the city. Chester once the biggest and best appointed Military fort in the northern half of the empire is invited to represent the city in Rome, due to the quality and authenticity of its Roman Re-creation team the Deva Victrix (Chester Guard).

Rome Provides:

The Event Organizers are providing accommodation, food and transfers over the two day event but are unable to provide transportation cost.

A unique opportunity to celebrate our quality Roman Heritage and its year round historical animation.

We will offer training and equipment for 10 people from Chester's Tourism and retail industry to join us as 1st Century Romans on the march.

We need support and financial assistance for our transportation to Rome .

Chester's March on Rome Needs Your Help. Jones Coaches (Macclesfield) have kindly offered a Coach at cost price but we still need to raise £5,000.00. Support your Heritage and your Legion.

Chester's Roman Heritage is now recognized across Europe and so are its Romans. Adding to the visitor experience.
